RANDUM FOR THE RECORD

BT: Interview with [] Office of Security

1. On 31 May 1973 I questioned [] about what he did at the Advanced Intelligence Seminar No. 6 and the extent of the relations he had had with the Montgomery County Police. He said that he and others had been encouraged to discuss work and the problems related thereto with other Seminar members and told that what they said would be "non-attributable." In context he had discussed the Office of Security's relations with local Police Forces including the Police Force in Montgomery County. He said he mentioned the "Ballou Case" as an example of the Montgomery County Police had used equipment provided by the Agency in their work, but denied that he had said or implied that the Agency was "involved" in the Ballou case. He said that he related to the other Seminar members the fact that the Agency had provided assistance to the Secret Service in connection with the protection of the President and Vice President and that he had been detailed to work with the Secret Service on radio-audio activities at the 1968 Democratic National Convention in Chicago and the Republican National Convention in Miami. I questioned [] who was on the Chicago detail, if he was detailed to protect the Vice President. He said that he was detailed to protect Mr. Kelly, Deputy Chief of the Secret Service and worked in the Agency as a member of the Secret Service under Mr. Kelly.

2. I questioned [] as to whether his relations with the Montgomery County Police was training oriented, equipment oriented, or if he had engaged in any operations or activities with the Police. He said his relations with the Police had been entirely training oriented and had been limited to the Chief of Police and two senior Inspectors. The extent of assistance given consisted of the Agency providing the Police with surplus technical equipment.

equipment which was of no further use to the Agency, and briefing them as to its use. He said he would not define these briefings as training, but admitted that it might be so construed.

3. [] said that his only knowledge of the "Ballou Case", except what he had read in the papers, came from one telephone conversation he had with Inspector [] of the Montgomery County Police sometime after accounts of the Ballou shooting had appeared in the press. He said the Inspector called to thank him for some amplifying equipment the Agency had given the Police and mentioned that it had probably saved the life of a policeman. He said that the Inspector explained to him that the account of the incident appearing in the press was not the whole story, that with the aid of the equipment the Agency had provided the Police had been able to intercept a telephone call from Ballou to a friend in which Ballou had outlined plans to "kill a cop ." The Police had then staged a raid to forestall Ballou's plan and it was during this raid that Ballou was shot. [] said that he had had no other conversations with the Montgomery County Police on that subject. He said he had mentioned it at the Seminar as an example of the sensitivity involved in the Agency's dealings with domestic Police Forces. He said he recalled that there was quite a bit of discussion and argument by the Seminar members about the propriety of the Agency assisting local police forces and working with the Secret Service in the U.S., but that he did not recall any extensive discussion about the Ballou Case and that at no time had he said that the Agency was directly involved. [] said he remembered that [] seemed particularly concerned about the Agency's involvement in domestic activities and that sometime later, around January or February 1972, [] talked to Colonel White about his concern and Colonel White in turn talked to the Director of Security. Since that date, he said, he has not had any further direct contact with the Montgomery County Police, based upon orders of the Director of Security.
